| PRCO304: Highlight Report |
|---|
| **Name: Maxim Wenger #10530449** |
| **Date**:   28/02/2019 |

Review of work undertaken
- Developed Login and Register activities within Android Studio
- Connected to database

Currently working on the read and write abilities to the database, to register new users and allow existing users to log in. This will be completed for next week

Plan of work for the next week
- *Produce all the required activities within Android Studio*
- * Confirm that the user stories for Sprint 1 have been completed*
- *Work on sprint 2 (Google vision implementation)*

Date(s) of supervisory meeting(s) since last Highlight :21/02/2019
Brief notes from supervisory meeting(s) since last Highlight *Postponed this week's supervisory meeting as the last meeting was very recent and I had no further questions at the time.*
